- 72,000* assessments completed in aged residential care facilities in 2017/18.
- 37,224* Home Care assessments in 2017/18.
- 5,000* competent assessors.
- 650* aged residential care facilities.
- 20 District Health Boards.
- 5 assessment instruments.

* Approximately

**Better assessment, better care, better outcomes**

**How interRAI works**

Throughout New Zealand, health professionals in District Health Boards and aged residential care facilities use standardised interRAI assessment instruments to help determine which level of support clients and residents over 65 years old need.

**Assessment instruments in New Zealand:**

- Home Care assessment.
- Contact assessment – a screening assessment.
- Community Health Assessment – a modular assessment system.
- Palliative Care assessment – for adults with a palliative prognosis.
- Long Term Care Facilities assessment.

**interRAI stands for International Resident Assessment Instrument**
