

# interRAI Strategy Map for 2020 -2030

“Supporting Healthy Ageing for All New Zealanders”

## interRAI NZ Strategic Direction 2020 – 2030 Implementation Plan

Strategy Workstream	Short term actions 2020 - 2023	Medium term actions 2023 -2025	Long term actions 2025 -2030
<b>EQUITY</b> Equitable access Accountability Cultural competence and responsiveness Unintentional bias	Māori representation on the interRAI NZ Governance Board Implement the refreshed interRAI Māori Strategy	Build relationships with Māori groups	Review the interRAI Māori Strategy
<b>PARTNERING</b> Iwi and the community Opportunities to collaborate Consistency across the health sector	Establish and grow our relationships with other health sector agencies – ACC, HQSC Move to a partnership model with providers for the delivery of interRAI Education & Support Explore establishment of interRAI Special Interest Groups	Provide support for interRAI Special Interest Groups (if established) Maximise our international partnerships	Explore the concept of building on interRAI to develop an assessment platform across the health sector
<b>PERFORMANCE AND MEASUREMENT</b> Consistent high standards New applications for data New measures	Evidence the quality, consistency and integrity of interRAI assessment/data in NZ Introduce Home Care Quality Indicators Further explore mechanisms for measuring equity using interRAI data	Develop means for measuring equity and reporting on progress	Develop Quality Indicators for Acute Care
<b>INNOVATION</b> Increased access Efficiency through technology Improved user experience Align with NZ Digital Health Strategy	Implement recommended interoperability standard (FIHR) and support use by stakeholders Explore options for resources to implement new individual client dashboard Explore alternative ways to access interRAI assessment - apps	Maintain a view of new and emerging assessment tools Tailor client dashboards to clinical groups	Explore the use of remote technology for assessment – Alexa, Hologram
<b>PERSON/FAMILY/WHĀNAU CENTRED CARE</b> Greater consumer empowerment Tailored, timely responsive assessments	Explore the benefits/risks and mechanisms to support self-assessment Design a mechanism for the person/family/whānau to see and understand their assessment	Design a mechanism for consumer feedback Implement a mechanism for person/family/whānau to view assessment	
<b>GROWTH</b> Improved consumer experience Implement and embed new initiatives Future models for service delivery and governance	Build and develop our relationships with new clinical groups – primary care Review the interRAI communications strategy – emphasis on plain language Implement a new model for interRAI competency education and support Support the introduction of interRAI Acute Care assessment in DHBs	Build, develop and support interRAI data sharing and benchmarking
